## **Dellview Elementary Vision**

Dellview Elementary School prides itself on focusing on more than just academics. Our staff supports their students and teaches them to stand up for themselves and what is right, politely, and respectfully. We want our students to know they have a voice. We are a proud Leader In Me School, teaching our students the Seven Habits of Highly Effective Kids. This gives them confidence, independence, and self-reliance. Our students understand they can't control everything, so we empower them to change and control what they can. Our staff is loving, dedicated, and welcoming. It's been said they have a "do whatever it takes" attitude. We understand supporting a student is more than just encouraging them. Their family may also need support, and we are willing to take that extra step to help make their parents feel as empowered and successful as their students.

### **Dellview Beliefs**

Dellview Elementary School is dedicated to teaching the whole child. Our goal is to guide our students academically, socially, and emotionally. We know elementary school is an important first step in a child's educational journey, so we make sure they are supported and empowered to be successful. We believe every child at Dellview is a leader and we find opportunities for students to thrive in leadership roles!
