

Abilene Independent School District
Woodson Center For Excellence
2023-2024 Campus Improvement Plan

Public Presentation Date: July 10, 2023

Mission Statement

AISD will equip learners to make a positive impact in their world through relevant, innovative, and challenging learning experiences.

Vision

Equipped Learners. Brighter Futures.

Core Beliefs

CONNECT

- Each child, staff member and parent needs positive personal connections within the district.
- Respect, care and having high expectations for each student is the foundation for learning.

LEAD

- Initiative, innovation, and a strong work-ethic are important life skills for students and staff.
- Developing partnerships throughout the Abilene community builds connections for future leaders to give back to the community.

SUCCEED

- Intellectual, emotional, and physical safety are crucial components to a successful school environment.
- Critical thinking, collaboration and problem solving are essential for deep learning.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Woodson Center for Excellence (WCE) is the only alternative campus in Abilene ISD for students in grades 8-12 that are at-risk of dropping out of school and/or not graduating. The district at-risk coordinator identifies students that would benefit from the program and if the student is interested in attending has them complete an application. Once the application is received the WCE application committee reviews it and approves/denies applicants based on entrance criteria. All students accepted are identified as at risk based on the state indicators found in the [Texas Education Code §29.081](#).

Our campus is comprised of a wide variety of students. We are 58% male and 42% female with 86% of our student population being economically disadvantaged. 15% of our population is categorized as receiving Special Education or 504 services, and the ethnic breakdown is shown below:

- Hispanic - 50%
- White - 35%
- African American - 14%
- Asian - .5%
- American Indian - .5%

WCE had a dropout rate of 4.3% for the 2017-2018 school year and a graduation rate of 89%. Our campus is more attractive to struggling students because we are able to offer smaller class sizes, accelerated courses, a full time nurse, attendance officer, and flexible scheduling based on certain criteria. Our student enrollment is approximately 150 when school begins in August and increases monthly to an average enrollment of 180-200 until May when the majority of students graduate. Our attendance rate averaged 80% on a weekly basis but has declined from 87.7% in the 16-17 school year to 84.64% in the 17-18 school year. The population of homeless students is increasing as well as the number of students listed as Unaccompanied Youth. This plays a role in our attendance percentage as a large portion of our students are considered homeless or unaccompanied. WCE offers weekly incentives for perfect attendance, and our Attendance Officer addresses attendance issues through lunch, before and after school detention and court proceedings when applicable.

The ethnic breakdown of teachers is 78% white, 17% are Hispanic, and 6% African American. The average teaching experience is 1-5 years and 33% hold a masters degree. Our campus tries to maintain a student to teacher ratio of 10:1 which is best practices set by the National Dropout Prevention Center. In the 2016-2017 school year 19.2% of our students that graduated were College, Career, and Military Ready. Based on the 2017-2018 School Report Card, Woodson Center for Excellence has an overall accountability rating of "Met Alternative Standard". One area of concern with state accountability is in "Closing the Gap" where our campus was rated "Improvement Required". This domain is based on students meeting grade level in English II and Algebra I end of course assessment and College, Career, and Military Readiness. Our campus will continue to search for avenues to improve these measures.

Demographics Strengths

1. The number of students continuously enrolled at WCE for the 2018-2019 was 180.
2. Woodson is the only comprehensive at-risk dropout prevention program for the district. The graduation rate was 90% with a 4% dropout rate for the 2018-2019 school year.
3. 100% of the teachers are highly qualified in their content area and have several years of experience, which makes them excellent advocates of Woodson students, and able to work with the very diverse population enrolled here.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Woodson Center for Excellence's attendance percentage for the school year declined significantly in the 2018-2019 school year. **Root Cause:** The majority of students that attend Woodson Center for Excellence come from a wide array of backgrounds with situations that affect their attendance such as homelessness and transportation. Besides the counselor and visiting social worker, there is a lack of support for students' social and emotional needs outside the building.

Problem Statement 2: Teachers do not receive adequate training in dealing with at-risk students and behaviors while attending college. **Root Cause:** Staff comes to Woodson as well-trained teachers in their content area but lack training in dealing with at-risk behaviors and strategies to change the behaviors.

Problem Statement 3: Students that attend WCE are typically disconnected from the community and agencies that can provide services to assist their needs. **Root Cause:** Students coming from economically disadvantaged backgrounds do not get the same exposure to working with others in the community that non-at-risk students typically get.

Student Learning

Student Learning Summary

Woodson Center for Excellence is an alternative high school for grades 8-12 in the Abilene Independent School District. Our campus utilizes an accelerated curriculum in an effort to help students earn/regain credits at a faster rate than our districts traditional high school campuses with the end goal of students graduating with their cohort class. The only teacher-led courses that are offered on our campus are the End of Course Assessment subjects (Algebra I, English I, English II, Biology, & US History). We offer flexible scheduling, highly differentiated instruction, and a variety of accelerated/independent courses in an effort to earn credits and meet the states graduation requirements. As a campus, we review data as appropriate from benchmarks and EOC test scores. In an effort to improve End of Course assessment scores, teachers analyze data from benchmark data, state-mandated EOC test scores, and other appropriate data to design effective curriculum for test preparation and remediation. Woodson Center for Excellence has been rated as "Met Alternative Standard" since the 2012-2013 school year. However, with the new A-F accountability system that went into effect in the 2017-2018 school year there are many challenges that face our campus. The main challenges will be introduced in the problem statements below.

Student Learning Strengths

1. Graduated over 200 students during the 2019-2020 school year with a pandemic.
2. Provide flexible scheduling to accommodate individualized instruction and students needs..
3. Remediation classes are provided to students who have not met the passing standard for End of Course Assessments.
4. Woodson Center for Excellence had an overall rating of "B" for the 2018-2019 school year.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). WCE grew by 2% points from the previous year. **Root Cause:** Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. One area that WCE struggles to achieve in is Academic Achievement. The calculation for Academic Achievement is calculated for students taking the English II and Algebra I EOC. Students must score "Meets Grade Level" and most of our students struggle with earning "Approaching Grade Level" due to gaps in their reading and writing skills.

Problem Statement 2 (Prioritized): Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). **Root Cause:** Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. Another area that WCE students struggle to achieve is Career, College, & Military Readiness (CCMR). The calculation for CCMR is based on students that met criteria for: TSI, AP/IB Examination, Dual Credit Courses, Industry-Based Certifications, Associates' Degree, Graduate with Completed IEP and Workforce Readiness, U.S. Armed Forces. Current teaching structures at WCE are not sufficient to provide college, career, and military readiness. We currently do not offer dual credit courses or technical certifications.

Problem Statement 3 (Prioritized): Students meeting passing standard of "Approaches Grade Level" on the English I and/or II End of Course Assessments. **Root Cause:** Students are accepted into WCE with lexile scores and writing skills below grade level and the EOC's may be written at least 2 grade levels above.

School Processes & Programs

School Processes & Programs Summary

Woodson Center for Excellence is an at-risk campus for students who have fallen behind and in danger of not graduating or dropping out. Our campus accepts students in grades 8th-12th through an application process. In an effort to help students earn credits and catch up we offer accelerated courses through Edgenuity, blended learning, and teacher-led classes. The only teacher-led courses offered on our campus are the courses that are tied to an End of Course Assessment (Algebra I, English I, English II, Biology, & U.S. History). The teacher-led courses are a semester in length with both semesters being taught in the fall and spring. Edgenuity and blended courses are for all of the other courses offered on our campus. The students work on these courses independently with the expectation to finish within 10 weeks (10% progress per week) or the course will be re-started. A new 8th grade program, "RISE" will be implemented in the 2020-2021 school year. The 8th grade curriculum will be teacher-led with a number of social emotional projects. The organizational structure for Woodson is as follows: Principal, Assistant Principal, Counselor, Teachers, Nurse, Attendance Officer, & Para-professionals. The retention of personnel is critical at an alternative campus because developing trust and meaningful relationships with our student population plays an important role in their success. Teacher recruitment is important because it needs to be the right person to work with at-risk students and at the same time help in building a culture that is inviting and welcoming.

School Processes & Programs Strengths

1. In the 2019-2020 school year, 207 students graduated with 95% graduating on the foundation plans with an endorsement.
2. Bi-weekly hallway celebrations of graduates.
3. All teachers are highly qualified to teach in their content area.
4. Flexible scheduling to accommodate individualized instruction.
5. Teachers analyzing data to drive instruction and meet students' needs.
6. Yond'r bags increased the number of credits earned daily from 8-10 to 20-25.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: The percentage of students that do not "Approach Grade Level" on the English I EOC and/or do not "Meet Grade Level" English II EOC affects our accountability rating. **Root Cause:** Students come to our campus from other schools reading below grade level and poor comprehensions skills.

Problem Statement 2: WCE students exhibit many behaviors that cause difficulty in maintaining a productive learning environment for other students and teachers do not have sufficient resources/tools to help them with severe behavior problems. **Root Cause:** Lack of campus resources to support extreme behavior problems (i.e. licensed social worker).

Problem Statement 3: WCE students are not exposed to different types of CTE classes to expand their knowledge base and give opportunities to make post high school career choices. **Root Cause:** Currently only two CTE courses are offered at Woodson Center for Excellence.

Perceptions

Perceptions Summary

Woodson Center for Excellence is an alternative campus for students who are at risk of dropping out and/or graduating without a high school diploma. Our students are often academically, as well as socially challenged. Our student population varies from day to day as students graduate and new ones enroll. Unlike most at-risk campuses, Woodson Center for Excellence accepts students in the 8th grade. We find these to be some of our most challenging students as they typically are delayed academically and emotionally. While we believe that every child can succeed, our special population creates a variety of challenges in the classroom. Because our staff is committed to reaching all students, we have frequent faculty/staff meetings to address strategies that relate to student success in addition to trainings that deal with at-risk behaviors such as trauma, mental illness, and poverty.

Perceptions Strengths

1. Administrators and staff meet with prospective students and a family member prior to acceptance to begin building a working relationship as often as possible.
2. Based on the Spring 2019 Panorama survey, 60% of all students feel safe at Woodson Center for Excellence.
3. Based on the Spring 2019 Panorama survey, 86% of all teachers believe we can educate all students.
4. Career Day (Fall & Spring) is creating positive relationships with the community.
5. Based on the Spring 2019 Panorama survey, 74% of the family members acknowledged that there are barriers to engaging with the campus.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): Low attendance continues to be an area of concern at Woodson Center for Excellence. **Root Cause:** There is a lack of parental support in making attendance a priority. In many cases our truant officer has witnessed that attendance is not valued or emphasized as important.

Problem Statement 2: Student apathy/complacency is a growing concern with regard to graduating on time. **Root Cause:** Many students have nearly, or completely given up due to a lack of success at home and at school. Additionally, they may have had very low expectations for themselves put there by family, former educators, and friends.

Problem Statement 3: Lack of parental/community involvement continues to be a concern at Woodson Center for Excellence. **Root Cause:** Many times there is a lack of parental knowledge about the educational system and its benefits. This causes a disconnect and a wall between us preventing them from getting involved. The community lacks involvement due to a stereotype of the campus based on years of negative stigmas attached to alternative campuses as a whole.

Priority Problem Statements

Problem Statement 1: Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). WCE grew by 2% points from the previous year.

Root Cause 1: Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. One area that WCE struggles to achieve in is Academic Achievement. The calculation for Academic Achievement is calculated for students taking the English II and Algebra I EOC. Students must score "Meets Grade Level" and most of our students struggle with earning "Approaching Grade Level" due to gaps in their reading and writing skills.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap).

Root Cause 2: Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. Another area that WCE students struggle to achieve is Career, College, & Military Readiness (CCMR). The calculation for CCMR is based on students that met criteria for: TSI, AP/IB Examination, Dual Credit Courses, Industry-Based Certifications, Associates' Degree, Graduate with Completed IEP and Workforce Readiness, U.S. Armed Forces. Current teaching structures at WCE are not sufficient to provide college, career, and military readiness. We currently do not offer dual credit courses or technical certifications.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Students meeting passing standard of "Approaches Grade Level" on the English I and/or II End of Course Assessments.

Root Cause 3: Students are accepted into WCE with lexile scores and writing skills below grade level and the EOC's may be written at least 2 grade levels above.

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Low attendance continues to be an area of concern at Woodson Center for Excellence.

Root Cause 4: There is a lack of parental support in making attendance a priority. In many cases our truant officer has witnessed that attendance is not valued or emphasized as important.

Problem Statement 4 Areas: Perceptions

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Local benchmark or common assessments data

Student Data: Student Groups

- Male / Female performance, progress, and participation data
- Special education/non-special education population including discipline, progress and participation data
- At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Homeless data

Student Data: Behavior and Other Indicators

- Completion rates and/or graduation rates data
- Annual dropout rate data
- Attendance data
- Mobility rate, including longitudinal data
- Discipline records
- Tobacco, alcohol, and other drug-use data
- Student surveys and/or other feedback
- Class size averages by grade and subject
- School safety data
- Enrollment trends

Employee Data

- Staff surveys and/or other feedback
- Teacher/Student Ratio

- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- Professional development needs assessment data

Parent/Community Data

- Parent surveys and/or other feedback

Support Systems and Other Data

- Processes and procedures for teaching and learning, including program implementation
- Study of best practices

Goals

Goal 1: Establish a culture of collaboration between students, teachers, administrators and the AISD community.

Performance Objective 1: 100% of our parents will be given the opportunity to be involved in their child's education through different means of communication and activities throughout the school year.

Evaluation Data Sources: TEAMS, Campus Web Site, School Messenger, Flyers, E-mails, Phone call logs, Parent Meetings, Celebrations, Informational Meetings, Career Days, Open House

Strategy 1 Details		Reviews			
Strategy 1: 1) All new incoming students will be enrolled into Edgenuity and the IXL program to increase numeracy and reading literacy and parents will be encouraged to check progress through TEAMS, Edgenuity and teacher contact. Strategy's Expected Result/Impact: To increase students' knowledge in math skills and in effort to be prepared for Algebra I and english skills in an effort to be prepared for English I. Staff Responsible for Monitoring: Counselor, English and MathTeacher, Students TEA Priorities: Build a foundation of reading and math Problem Statements: Student Learning 1, 3 Funding Sources: Teacher, Assessment Program for numeracy and reading - Campus Budget - \$0, IXL Site Licenses, Grades 9-12, 100 Students - State Comp Ed - \$1,000		Formative			Summative

Performance Objective 4 Problem Statements:

Student Learning
<p>Problem Statement 1: Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). WCE grew by 2% points from the previous year. Root Cause: Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. One area that WCE struggles to achieve in is Academic Achievement. The calculation for Academic Achievement is calculated for students taking the English II and Algebra I EOC. Students must score "Meets Grade Level" and most of our students struggle with earning "Approaching Grade Level" due to gaps in their reading and writing skills.</p> <p>Problem Statement 2: Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). Root Cause: Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. Another area that WCE students struggle to achieve is Career, College, & Military Readiness (CCMR). The calculation for CCMR is based on students that met criteria for: TSI, AP/IB Examination, Dual Credit Courses, Industry-Based Certifications, Associates' Degree, Graduate with Completed IEP and Workforce Readiness, U.S. Armed Forces. Current teaching structures at WCE are not sufficient to provide college, career, and military readiness. We currently do not offer dual credit courses or technical certifications.</p>

Student Learning
Problem Statement 3: Students meeting passing standard of "Approaches Grade Level" on the English I and/or II End of Course Assessments. Root Cause: Students are accepted into WCE with lexile scores and writing skills below grade level and the EOC's may be written at least 2 grade levels above.

Goal 3: Develop intentional strategic partnerships which capitalize on the strengths, resources and talents of all stakeholders.

Performance Objective 1: 100% of all students enrolled at Woodson Center for Excellence have the opportunity to attend our Career Days that will be held during the Spring of the 2023 school year.

Evaluation Data Sources: College/Military/Workforce Confirmation via emails

Strategy 1 Details	Reviews			
Strategy 1: During the 2021-2022 school year all students that are enrolled at WCE will participate in our Annual Career Day. With effective community marketing, 25% of students' parents will attend the event. Strategy's Expected Result/Impact: Increase student and parent awareness of opportunities available to their child beyond high school and the value of a high school diploma. Staff Responsible for Monitoring: Principal, Assistant Principal, Counselor TEA Priorities: Connect high school to career and college Problem Statements: Student Learning 2 Funding Sources: Time - Campus Budget - \$0	Formative			Summative

Problem Statement 2: Based on the 2018-2019 Accountability Rating, WCE is rated as "Improvement Required" in Domain 3 (Closing the Gap). Root Cause: Domain 3 (Closing the Gap) is calculated based on 4 components: Academic Achievement-50%, Federal Graduation Rate-10%, English Language Proficiency-10%, and CCMR-30%. Another area that WCE students struggle to achieve is Career, College, & Military Readiness (CCMR). The calculation for CCMR is based on students that met criteria for: TSI, AP/IB Examination, Dual Credit Courses, Industry-Based Certifications, Associates' Degree, Graduate with Completed IEP and Workforce Readiness, U.S. Armed Forces. Current teaching structures at WCE are not sufficient to provide college, career, and military readiness. We currently do not offer dual credit courses or technical certifications.

Goal 3: Develop intentional strategic partnerships which capitalize on the strengths, resources and talents of all stakeholders.

Performance Objective 2: Approximately 8% of Woodson students attended a visit to a college campus or technical school in the 2022-23 school year with AEF. In the 2023-24 school year that would increase to 20% of all students.

Evaluation Data Sources: Cool Counselor Sign-up Sheet, Student Sign-in Sheet

Strategy 1 Details		Reviews			
Strategy 1: All seniors are given the opportunity throughout the school year to sign up for college visits and to meet with the AEF Cool counselor. Strategy's Expected Result/Impact: Increase student awareness of college opportunities available after earning a high school diploma. Staff Responsible for Monitoring: Cool Counselor TEA Priorities: Connect high school to career and college Problem Statements: Student Learning 2 Funding Sources: Time - Campus Budget - \$0		Formative			Summative
